✓ 18. [REDACTED] LEGISLATION Called Jim Stimpson, OMB, to introduce myself and check on the "Physicians Pay" bills. Mr. Stimpson indicated that the Administration was reflected in Civil Service Commission testimony which supported the bills and their concept if specifically amended: (a) to provide temporary authority; (b) to include CIA under its coverage; and (c) to include a termination date certain (1981). Mr. Stimpson said that the Committee seemed receptive to these suggested changes. I then told Mr. Stimpson that a "clean" bill had been introduced (H.R. 12210) and asked if OMB would be requesting comments thereon. Mr. Stimpson was unaware of the clean bill but said he'd take a look at it and let us know if OMB would be taking any action on it.
